

# DIPLOMACY IS THE ART OF LETTING SOMEONE ELSE GET YOURWAY

Construction & Architecture Update magazine talked to Mr. Devang Shah, Managing Director, Speed4 Prefab Solutions Pvt. Ltd. about his company's and its future plans.

## Tell us about your product offerings and your company background?

We are introducing GRP-Glass Reinforced polyester hot pressed mold- ed panel's PORTABLE FOLDING CABINS for Various uses. Arabic cabanas using for site offices, officers camp, warehouses, electronic rooms etc..., and Executive cabanas are used for hotels, resorts, executive cabin etc., we are also giving technical specification if required.

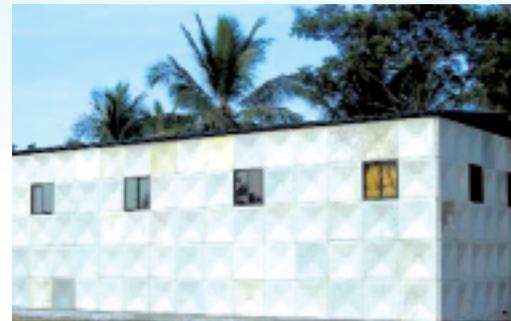

These products are having wide users in Infrastructure, Industries, Defence, Constructions, Large Projects for Shipping, Mining & Offshore activities. Comparing with wooden, M.S., FRP & PVC Our GRP is very low maintenance, Heavy strengthen, very easy to install-dismantle & Long life (about 50 years).

Some of our product features are :

- 1) Fire Resistant
- 2) Water proof
- 3) Sound Resistant
- 4) Free from corrosion
- 5) Free from seepages
- 6) Free from algae
- 7) Anti-Termite
- 8) Any size required upto 100 mtrs. (IN LENGTH & WIDTH)

Approved By : ONGC Offshore services / Modest Offshore services

Approved By : Hydrostatic Test Center UK.

We are also in the process of introducing some new products in Prefab Industry as per the international standards & norms. Also we have covered almost all the blue chip companies in India. Also we have completed more than 400 reputed projects in past 4 years in the different segments, hope to complete 1000 within 2 years time
